Great renovated villa with panoramic views situated in an elevated position in Cerros del Aguila. The living area and the 3 bedrooms are all on one level, only bedroom no. 4 is upstairs. The villa consists of a large living room with a fireplace. The owner has just put in a new fully fitted open plan kitchen, there are 3 bedrooms and 2 bathrooms all on the main floor. From the master bedroom there are stairs up to a large room which is currently used as a GYM. There are lovely terraces, open as well as covered, with fantastic panoramic views. There is a good sized salt water pool. Under the villa there is a double garage and there are also parking for several cars in the driveway.
