A fantastic ground floor studio with sea views in a very popular gated complex in Miraflores, Rivera del Sol. The studio has been tastefully decorated and the furniture is in very good condition. The beach is approximately 2km away. Great for a holiday home with a lovely communal pool and in easy reach of bars, restaurants and shops. Ready to move in to and what a bargain price, the property has an LPO and can also be used for holiday rentals so a great investment!
