Charming house. Two bedrooms and an interior bathroom offer a cozy space, while the two patios, one in the tree-lined entry and the large interior patio, provide wonderful opportunities to enjoy the outdoors within the comfort of your home. Furthermore, the possibility of renovation allows you to adapt the house to your personal needs and tastes, thus creating a perfect space to relax and enjoy with friends and family. The proximity to services such as the maternal and child hospital and the Gibraltair charter school, along with easy access to the highway, the house sounds even more attractive with the addition of the proximity to services such as supermarkets and a shopping center with a cinema. This offers additional convenience for residents, providing everything needed for everyday life as well as entertainment options. The possibility of enjoying social gatherings in the indoor chillout with family and friends sounds very tempting, creating a cozy and relaxed atmosphere within the home. With the opportunity to renovate the house according to your preferences, it could really become an ideal space to rest and enjoy everyday life.
