This project represents an outstanding commitment in the development of a boutique proposal located just 500 meters from the beach, with easy and unobstructed access.

This exclusive development consists of 36 residences in the Higuerón reserve, distributed across 3 floors with 4 levels and oriented towards the South-Southwest, with a 24-hour private surveillance system.

Within this exclusive complex, there are different types of attached houses, featuring three and four bedrooms, each with two parking spaces and a storage room. A standout feature is the presence of a private pool on each sun terrace. The use of top-quality materials has been prioritized to ensure luxury and comfort, including pre-installation of TESLA batteries for state-of-the-art solar panels, underfloor heating throughout the house, aerothermal systems for domestic hot water, ceilings with recessed indirect LED lighting, bathtubs overlooking the garden in the master bedrooms, a kitchen from the prestigious Italian brand LUBE with DEKTON countertops by CONSENTINO, and appliances from brands like BOSCH, as well as exclusive bathrooms from the brand LAUFEN.
