This excellent opportunity is located in Fuengirola, in the El Lagarejo urbanization. In the 85 m² light apartment with excellent layout, there are 2 rooms, 1 bathroom and a living room, where a fireplace has also been given space, so it creates a pleasant atmosphere even in the winter months. The terrace offers a beautiful sea view, which provides a perfect place for relaxing or spending time outdoors. The shared pool and the grassy sunbathing area offer a great opportunity to refresh and sunbathe. Apart from this, the urbanization is located in a quiet environment, but the city centre and the beach are easily accessible, so it can be an ideal choice for those who want to live far from the bustle but still close to the city comfort. Don't miss out on this great offer.
