The lower, garden floor level is currently utilised as a large lounge and entertaining area with separate shower room, laundry room, storage room and additional wine store / cellar. This area could be converted into a large one-bedroom apartment with garden access, a fourth bedroom, cinema room, gym etc or changed to suit the needs of the new owners.

The garden has been updated and landscaped providing multiple dining and lounge areas that are accessed from both the lounge and garden floors. To the front of the property, there is off street parking for one vehicle, additional dining and seating plus further storage. The gardens are low maintenance and included within the low-cost community fees are external painting and maintenance of the buildings.

Additionally, this well maintained and updated property boasts low running costs from the installed solar panels and pellet burning stove. The property is bathed in light, and we are told very warm in winter, cool in summer.

The community pool is a short walk away, also enjoying front line golf views. Given the size, location and front-line views, this is a property worthy of your time and consideration.
