Stunning Renovated Penthouse with Panoramic Views in Cala Hills, Mijas Golf

We are proud to present this exclusive 3-bedroom penthouse, fully renovated and move-in ready, featuring elegant Nordic design and breathtaking views.

Located in the prestigious Cala Hills urbanization of Mijas Golf, this 102 sqm home includes a brand-new Scandinavian-style kitchen, two modern bathrooms, and built-in wardrobes in every bedroom. The standout feature is the spectacular 100 sqm private terrace with panoramic views over the cultural landscape and the whitewashed charm of Mijas Pueblo.

The community is peaceful, well-managed, and consists of only four low-rise buildings surrounded by lush green areas, two swimming pools, a tennis/paddle court, and a service building with showers and restrooms. Façade renovations were completed in 2023, giving the complex a fresh, modern look.
