Opportunity to purchase a three-bedroom, two-bathroom country villa with pool, established palm trees and olive grove within a 5,800m² plot. Located within the Miralmonte area you can be assured of privacy, stunning views and easy access to Coín, Alhaurin, Marbella and the airport.

This property will require specialist knowledge to rectify movement to parts of the structure. The plot is fenced and gated, has 100+ established olive and 15 palm trees. Water is provided by the community well and there is electricity connected.

Whilst the property is correctly registered, there is no AFO or LPO.

At this stage, the property is not suitable for those seeking a mortgage.

We envisage strong interest due to the location, size of plot and stunning location.
