The flat is situated on the fifth floor of an east facing building. The flat has three bedrooms, a living room, a kitchen and a functional bathroom. From the living room and some of the rooms you can enjoy unobstructed views, providing a feeling of spaciousness and tranquillity. Right next to the building is the Mercado del Palo. In addition, the location is privileged, as it is only a five minute walk to the beautiful beaches of El Palo, perfect for enjoying the sea and the sun. The centre of Malaga is only a 20 minute walk away, making it easy to access the cultural and social life of the city. The neighbourhood of El Palo is known for being a traditional fishing neighbourhood, which still preserves the charm of its fishermen's houses and its famous "chiringuitos" where you can taste the "espetado" fish. The area is very well communicated and has all the necessary services: public transport, schools, health centres and a wide variety of shops. In short, this fifth floor flat offers not only comfort and good views, but also an unbeatable location in a neighbourhood with a lot of character and tradition.
