The accommodation offers 4 generous bedrooms and 5 bathrooms, providing excellent comfort and privacy for both family and guests.

One of the defining features of this residence is its connection with the outdoors.

The villa opens onto extensive terraces, a large private swimming pool and beautifully established gardens filled with mature vegetation and fruit trees. Years of careful landscaping have created an environment that offers both privacy and a wonderful sense of maturity that is increasingly difficult to find in newly built properties.

A second outdoor kitchen located by the swimming pool creates the perfect setting for entertaining, long summer lunches and evenings with family and friends while enjoying the Mediterranean climate.

From its elevated position, the property enjoys spectacular panoramic views across the Mediterranean Sea, providing an impressive backdrop to everyday life.

Its privileged corner position further enhances the feeling of openness and privacy, while two garages provide practical and secure parking.

Beyond its dimensions, what makes this villa particularly special is the combination of qualities it brings together in one property: panoramic sea views, privacy, mature gardens, a large swimming pool, extensive entertaining areas, substantial grounds and a high-quality refurbishment.

In addition to the main accommodation, the property includes a separate additional area that has been prepared with the potential to be configured as an independent apartment, subject to the relevant planning and licensing requirements. This offers interesting possibilities for guest accommodation, extended family, staff quarters or a more independent private living space.

Exceptionally Well Connected

Málaga International Airport is approximately 15 minutes away, making the property particularly convenient for international owners and frequent travellers.

Fuengirola, its beaches and vibrant town centre are approximately 7 minutes away, while Marbella can be reached in around 30 minutes.

For additional convenience, there is a bus stop just outside the property, with a regular service approximately every 10 minutes connecting Torreblanca with Fuengirola town centre and the beach.

This is not simply a house by the sea.

It is a private Mediterranean residence created for enjoying space, tranquillity and an exceptional lifestyle on the Costa del Sol.
